He in Turn Will Tell Hundreds
Thru This Paper.

Grain hauling is becoming quite a general thing now.

Mrs. F.W. Watkinson is paying a visit to N.V. King's at Fabyan.

Why not go to the new elevator and see what service you will get.

The wet weather the beginning of the week delayed threshing.

Big millinery opening, October 5th and 6th at the Co-op. Ladies don't miss it.

Remember that the stores will be closed on Monday, October 8th, Thanksgiving Day.

Dalton Smith's new barn was blown over by the wind on Wednesday.

Olof Overby is busy with alterations to his house. The Imperial Lbr. Co. sold the lumber.

The welcome sound of the threshing machine is now heard all over the land.

A. D. Schaffner is building a 24 x 40 cow barn, the material is being furnished by the Alberta Lbr. Co.

Mr. J. K. Porter shipped two cars of cattle to the Edmonton market this week.

George Coleman has been hauling lumber for granaries from the Imperial Lbr. Co. Ltd.

Don't forget the new elevator try them with a load of oats or wheat.

P.M. Kellar is hauling lumber from the Alberta Lbr. yard for some granaries.

If you have Cattle or Hogs for sale see Geo. Hill.—Best prices paid.

G.H. Arland is putting up three granaries, the Alberta Lbr. Co. is furnishing the material.

Mr. J.K. Dickson, father of A.A. Dickson, and H. Dennis, a nephew, are visiting at the A.A. Dickson home this week.

Jos. Gulbraa has completed a lean-to to his barn, the Imperial Lbr. Co. supplied the bill.

Alberta will furnish 1400 men under the New Military Act. That Alberta will furnish her quota is beyond question.

James A. Bell is building a cottage on his farm south of town, the Alberta Lbr. Co. is furnishing the material.

Few cases of ear shock can be traced to the noise caused by the report of the drop of the price of flour.

Harold A. Clute, of Irma, has been appointed a commissioner for taking affidavits, according to the latest issue of the Alberta Gazette.

Theodore Shick was in town last week hauling lumber and plaster for his house and granaries from the Imperial Lbr. Co. Ltd.

Monday, October 8th is Thanksgiving day, this being a legal holiday, the local branch of the Merchants Bank will be closed that day.

I. McMinn is building a large permanent granary on his farm northwest of town, the material is being furnished by the Alberta Lbr. Co.

Mr. Geo. Edmonds and family are moving to Vainwright for the winter on account of being unable to get a suitable residence in town here.

Rally Day and Memorial Services at Irma Church

Last Sunday was a special day in the Irma church. All the congregations gathered in the town church and united in prayer and praise as they worshipped the Great God and Father of all. The morning service though not so largely attended as the afternoon meeting, was one in which the congregation uttered its aspiration and thanksgiving with great heartiness. The Choir was well trained for its task and ably led in the worship of praise. The choir selections, "Lead On" rendered by the full choir and "Dear Spirit Lead Me" by Miss Saunders and Mr. Tait helped in the chorus by Mrs. McBeth and Mr. King, were very much appreciated. The sermon was from the text "Not every one that saith unto me, Lord, Lord, shall enter into the Kingdom of Heaven; but he that doeth the will of My Father which is in Heaven."

The lunch hour passed very agreeably and quickly as the people met and made friends.

At 1:30 p.m. the Sunday School Rally service was held and the church was well filled with an interested company of all ages. The program "The Hope of the World" prepared for use in Sunday schools all over the Dominion was followed and the interest in our own Sunday school work must be greatly increased from learning its message.

As the choir of young men and women led in the singing we thought the future of the church looked bright (good music in the church is so essential).

The part taken by the juniors in a song and exercise deserves special mention. The addresses by Messrs. Wilberham and Johnstone gave food for thought and inspiration for action. Mr. Fenton, Superintendent of the Sunny Brae school was chairman and his brief and pointed suggestions may well be followed.

The afternoon service at Irma church last Sunday was held to the memory of the gallant local boys who have fallen in France. The Rev. C.G. Hockin, J.G. Clarke and Mr. Wilbraham, were the speakers who paid tribute to these gallant boys who have made the supreme sacrifice and pointed out that they were from the pick of the district, and were all well respected, clean-living boys. The following names were mentioned: B. Mildon, A. Dalton, J.H. Barnes, J. Dunbar, B. Swan and B. Edmunds, and Allen Linnen who is reported missing, whom we all hope to see again when the glorious time of peace arrives. These names will ever live in the Irma district and be looked upon with reverence and respect, they have done their bit and will reap their reward.

The closing service of the day was the communion of the Lord's Supper and a goodly number stayed for this part of the days worship. The message of love and sacrifice impressed itself and the hymn of dedication "Take my life and let it be consecrated Lord to Thee" seemed the natural response of all present. The benediction pronounced by the pastor brought the day's service of worship and inspiration to a close.

Undecided.

H. F. Jones our genial station agent left for the coast on a holiday. Mr. D.R. McLeod is relieving during his absence. Mr. Jones is undecided if he will bring a wife or a bunch of cattle back.

Government House, Edmonton

"Our Day" October 18th, 1917

A MESSAGE

From His Honour the Lieut.-Governor, Vice-Patron of the Canadian Red Cross Society;

People of Alberta, once again the British Red Cross Society have appealed to us for help.

Not alone are the needs of our sick, wounded, and imprisoned sailors and soldiers to be attended to, but also those of our less fortunate Allies, Belgium, and Serbia. These numerous calls for assistance have seriously depleted the funds of the Parent Society.

The failure to obtain a liberal response to the Red Cross appeal will necessitate the restriction and curtailment of the Society's operations at the time when the needs of suffering humanity are much greater than at any previous period of the war.

Can we, for very humanity's sake have the Red Cross work hampered for the lack of funds?

Anxiously Great Britain is awaiting for the answer to this call; awaiting for October 18th, when in every corner of the Empire her sons will send their ringing answer back across the seas. What will the answer be of Canada—Canada who has already shown her interpretation of the glory of British citizenship? What will be the answer of Alberta? What, indeed, will be the answer of your community?

People of Alberta, do your best for "Our Day."

R. G. BRETT,

Lieut.-Governor.

FABYAN

Threshing and fall plowing are the order of the day in this vicinity.

Mrs. Ross, mother of Mr. M. M. Ross is making a visit to her son, but will return to her home in Ont. before the severe weather sets in.

Mr. Geo. Rysdale has improved the appearance of his bungalow, by the application of a coat of paint.

Mr. Pete Voras has added some "class" to our corner by speeding up and down in his new Chevrolet. Next comes the lady from Cleveland.

It is alleged that no longer will there be a Bachelor's Hall at Fabyan station-house after Christmas.

A surveying party in Dominion Government employ is in this vicinity making a topographical survey of the Battle River. Mr. Davies is the chief.

There is a daily mail now in Fabyan. Now for a telephone please.

The coyote nuisance is getting insufferable. If the United States and Canadian governments would only form an alliance to get rid of these vandals, there would be no scarcity of eggs, poultry or wool. Every farmer would keep a few sheep, if the wolves were exterminated. With 100,000 acres of Buffalo Park for a refuge for them around here, individual effort is of little avail, in getting rid of them.

Jarrow Road Improvement.

One hears nothing but expressions of gratitude from the farmers now busy hauling grain into town on the new grades from the S boundary of 46-10 to the railway track. The various councillors who have represented or misrepresented this township in the past and present, have all promised the southerners, that they would improve this road, but alas the votes south were a negligible quantity, so the rocks and hill was allowed to remain a menace to man and beast. But thanks to Mr. Firkus who organized a volunteer crew and with the exception of two bachelors who of course will continue to use the old trail, did not receive a refusal for help and this piece of road stands as a credit to him and his volunteer crew.

KINSELLA

There is to be an entertainment and box-nodol given in Kinsella October 12th, for the benefit of the church funds, and possibly another on October 31st for the Red Cross.

Mrs. D. Corbett, who was in Vegreville on account of the illness of her sister has returned. Her sister is still about the same.

R. Cormack of the Gosmont farm has invested in a small threshing rig. His intention was merely to be able to thresh his own crops.

Now that the chilling winds are blowing the Red Cross ladies are serving hot tea and cake in addition to ice cream on Saturdays.

Besides the new train service, one of the three cream buyers here has posted notice of a new schedule.

Harry Hogan's threshing rig was laid up an account of engine trouble and a broken cylinder.

A number of Kinsella folks enjoyed Viking's Fair. Mr. and Mrs. J. G. Clark motored over from Clark Manor and were guests of Mr. and Mrs. H.H. Kennedy recently.

New Elevator Opens.

The new elevator has just been completed for J.W. Wyatt and is now open for business. Mr. Wyatt comes to us from Jarow where he has lived for the past nine years, and at which point he bought and handled grain for the last five years. Mr. Wyatt after looking at a number of points on the G.T.P. and C. P.R. to the south decided that Irma had the best future and has just put up a 40,000 bushel wheat capacity elevator at this point, although the crop is not quite as heavy as usual. Mr. Wyatt felt that if he waited another year that some line elevator company would build and as three houses is all that Irma need for a few years he would have been unable to build here another year. With his experience and his record for fair dealings, Mr. Wyatt should secure his share of the business and we wish him success in Irma.

The ladies of this district will be interested in the millinery opening to be conducted by Miss M.L. Coleman, milliner, of Vainwright, at the Co-op store Friday and Saturday, October 5th and 6th. A full line of hats in the latest styles for ladies and children at moderate prices.

CORRESPONDENCE

Editor Irma Times.
Please insert the following in your valuable paper:
Sir:

In answer to the postmaster's letter of the 28th inst. in which he states, that neither him or the postmistress ever made a complaint against anyone, either the postmaster's memory or his hearing is affected. If he does not remember the postmistress telling him when he came in to dinner, that the weed inspector had been there, and she sent him down to McCreadie's. I have a witness who heard these words Mr. Postmaster.

In answer to Sup't Smith's letter I have nothing to say, as the complaint was not sent to his office. It was a verbal complaint to the inspector who called at the Orbindale P.O. I will now take Mr. Lloyd, Weed Inspector's letter. Mr. Lloyd states the only letter he ever received from any person residing in the Orbindale district, was the one received from Thomas Coulthman on August 26th, 1917. I quite believe Mr. Lloyd, as according to his own words to me before a witness, he received a verbal complaint from the postmistress at Orbindale. Mr. Lloyd must also remember he gave me a literal account of the words used by her when she lodged the complaint. The exact words were in my last letter. Q 2 he states he never seen the postmaster. Quite true, he told me he did not see any "man." It was a woman who made the complaint. Q 3 he states he did not tell anyone in the district he had received a notification from the Orbindale district inspector, quite true, he told me before a witness he received a verbal complaint from a woman at the O.P. Q 4, he states he did not tell anyone he had come 80 miles on a frivolous complaint. I asked him how far he had come and he said 60 miles, and the complaint lodged by the woman at O.P. was a frivolous complaint, and most of the grain was the cleanest grain he had seen this year. Q 5, he states did not come direct to the O.P. to investigate a complaint sent from there. No he came direct from the O.P. to investigate the complaint laid by a woman there, on the morning he called there with notices.

Mr. Bars knows I told him in Irma, on the Irma fair day, if I had known the postmaster had got permission to cut the hay, I would not have cut any hay on that quarter. He also knows he did not tell me I was not to take it. The words Mr. Bars, used were, "that it was between me and Coulthman." I have a witness who heard him say so. He must also remember, his quarter is not fenced and as there was no notice board, to say Coulthman had gotten Mr. Bars's sanction to cut the hay, I thought it was free to anyone. In conclusion, I may say, unless it was a bogus individual, driving around in a buggy, falsely representing himself as an inspector of the Weed Department. It was Mr. Lloyd, and what I have stated are the exact words used by him.

Trusting sir, you will find space for this in your valuable paper, I am, etc., John McCreadie.

P.S. This letter may lie for inspection for ten years.

OBITUARY.

Olaf Nokleby died on Saturday last at the house of his son-in-law, Mr. Mat Wold. Mr. Nokleby was born in Freeborn County, Minn., 65 years ago. He homesteaded in the Hardisty district twelve years ago. He leaves four sons, three of whom are still in the Hardisty district and one in Seattle, Wash., and three daughters of whom Mrs. Mat Wold is one.

Spark From House Jack Sets Up a Big Blaze.

On Friday, Sept. 28th, it is supposed that a spark set fire to the hay on the roof of the stable at W. Jenkins farm. The stable was burnt up and also a calf that was inside. The fire spread to the prairie and with a strong northwest wind crossed the corner of section 1 to Frank Hanson's and A. D. Schaffner's farm and was with difficulty kept from spreading to Mr. Wakefield, and A. W. Howarth's farms. It seems that most of the men were away but the women took the matter in hand. Mr. Phessey with the assistance of Mrs. Johnson and her son, Mrs. Lubricant and M. S. Schaffner after a hard fight eventually got the blaze under control.

Extract Gasoline From Gas.

Gasoline, made in Alberta and second to none in America, is the aim and object of a new \$1,000,000 industrial enterprise that will exploit the Viking gas field and will have its business headquarters in Edmonton. Leases of some 20,000 acres of oil lands have already been secured and it is the intention of the promoters, who are Montreal capitalists, to begin actual development next spring. The idea of the scheme is to drill for natural gas, and from that gas to extract gasoline by a process of condensation, a method that is already in operation in some of the American oil fields with great success. Illuminating or fuel gas will be only an incidental in this particular case, the main purpose being to make and sell the by-products. Incorporation has just been granted to the Canadian Great Western Oil and Natural Gas Products Company and the capitalization is placed at \$1,000,000. The company has been locally incorporated for the promoters by Percy W. Abbott, Robert McLaughlin and F. E. Ross.—Edmonton Journal.

GENERAL CHAUTAUQUA STORY

Thirty years ago began a movement at Chautauqua Lake, N. Y., which now includes 5,000 annual assemblies in Canada and the U. S. It brings the highest class of instruction, inspiration and entertainment to over 12,000,000 people, who could not secure such remarkable programs were it not for the modern Chautauqua system. The greatest talent is thus secured at the ends of the earth and brought into towns and communities of all sizes, wherever public-spirited citizens are willing to make it possible by guaranteeing the sale of enough season tickets to barely cover the expenses. Some of the talent brought to Viking on October 19-20-22 had to be secured two and three years in advance.

Chautauqua is primarily a builder of civilization, not a money-making enterprise. It is maintained by local associations all over the United States and Canada, and is now beginning to spread to England, Australia and other countries. To be on the Chautauqua map has come to be an indication of culture and civic enterprise.

Among the attractions for the coming Chautauqua Festival are: Ada L. Ward, English war lecturer; Walkiki Hawaii Quintet; Dr. R. Sotell, with his lecture, "Train Folk;" Jean MacDonald, the Scotch-Canadian reader and entertainer; Dr. Elliott A. Boyd, classical lecturer on the "Seen and Unseen;" and the Chautauqua Festival Orchestra. These will appear at Viking on October 19-20-22.

THE IMPERIAL LUMBER CO., LTD.

Are you wondering where to buy your next bill of lumber?

Why not ask your neighbor—he got his from us—ask him if he had any trouble with us showing him one grade, attempting to load him with an inferior grade and ask him if he did not get satisfaction and a better deal than offered him any place else

Talk it over with whom you please but see us before buying.

Another Big Barn Dance at
A. Firkus's—Result, \$100
Raised for French Wounded

The committee for the French Wounded Emergency Fund, H. B. Shaw, Organizer, Winnipeg, have acknowledged and express their appreciation for a contribution of \$100, to the above fund from the proceeds of a box social held at A. Firkus's place recently, under the auspices of the Jarow U. F. A. Should any one desire to contribute further the amount will be gratefully received. Contributions will be forwarded by any Bank without charge.

Chicken Supper At Jarow On
Thanksgiving Day

Mrs. J. D. Manners, secretary-treasurer of the Red Cross society at Jarow wishes us to announce that on October 8th, Thanksgiving Day, from 6 p.m. to 8 p.m. a grand chicken supper and entertainment will be given in Jarow, the proceeds of which will be devoted to the Red Cross funds. The public is cordially invited to attend.

Harvesting the Garden Crops

The Edmonton Town Council have been petitioned for a holiday to enable the citizens to harvest their garden crops. In Irma we keep a bunch of cows around to do this work, thus leaving the citizens at liberty to follow their ordinary vocations without interruption.

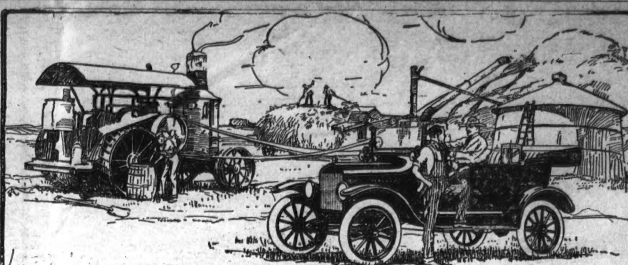

The world is today expanding religiously. Rarely has there been a time when men cried out more persistently after the noblest and best things in life. The world is not in the hands of the devil, as some are saying. It is still God's world. He rules. Let us never forget that. It is well for us to be in harmony with his plans. No sane man would fight the laws of nature. He would be a fool who tried to stop the stars in their course. But for some reason men believe they have power successfully to oppose God in the spiritual world, forgetting that the spiritual world, is God's world, as well as the physical world and that God's laws prevail in the unseen world just as they do in the seen. —Christian Work.

W. W. Henderson has completed the school he was building near Hardisty. The Imperial Lbr. Co. supplied the materials.

VIKING

On Monday Wallace & MacGregor sold a ten months old grade steer calf for \$90.00 to a stockman in Killam who intends taking the animal to the Calgary fat stock show this fall. This is, no doubt a record price for an animal of this age and shows the possibilities of stock raising in this district. At that price, meatless days don't seem to have much effect on the cost of beef on the hoof. Who wouldn't be a farmer?

A new Ford car owned by J. G. Lefsrud and driven by his son H. Lefsrud turned turtle on the main road two miles north of town last Sunday evening about 8 o'clock. The back seat was occupied by A. Henke and Francis Austin and the party was returning from a visit to town. The top of the car was up which prevented the occupants of the car from jumping out. A. Henke sustained a broken collar bone and a severe shaking up and Mr. Austin received minor bruises and cuts. H. Lefsrud, the driver, was practically unhurt. Clyde Hoskins was running close behind them in his Ford and he took the injured to town for medical attention. There is a bad dip in the road where the accident occurred which the driver said he did not notice as he was watching the ditch near the side of the road. The fact that the car received when taking the dip broke the radius rods and put the steering gear out of commission. The fenders, the windshield, one wheel, and the top were badly bent and crushed. The occupants escaped very luckily under the circumstances. They were travelling at only a moderate rate of speed.

The Best Farm or
Ranch Car

YOU would replace your "general utility" team with a powerful, sturdy, Ford car at once, we believe, if you but figured the matter out carefully.

The Ford is especially suited to western conditions and your needs. It is equal to rough roads, big loads and long distances. These are the very tests to which you will put your car.

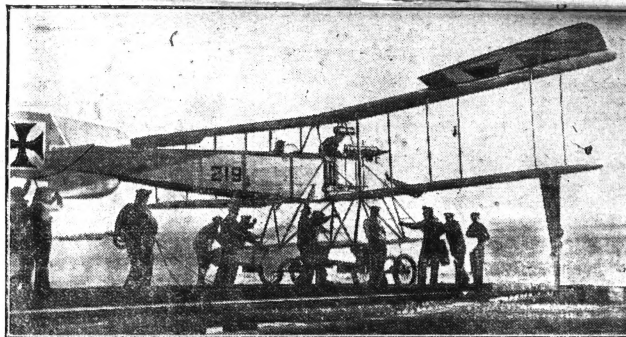

A Ford will run your errands for repairs, grease, mail and countless other necessities quickly and cheaply. It will save you weeks of time and money. It will be one of your best investments. It will make prairie life more enjoyable. You need a car and need it badly. The Ford is the utility car for the Western Farmer.

Heard Around Town

Wm. Matheson's new house is nearly finished and they have moved into it. The Imperial Lbr. Co. supplied the material.

Next Monday is Thanksgiving Day which will be observed throughout all Canada. It is a legal holiday and the bank and the stores will be closed.

Ben Oldham is erecting a 22 x 60 double decked machinery shed and a 24 x 48 cattle shed on his farm the material is being furnished by the Alberta Lbr. Co.

The shipment of cream to the Edmonton Dairies from Irma continues good, the price is high now. This is one of the sources of income for the progressive farmer.

More or Less Funny

It's about time for some weather prophet to predict a cold winter.

A good way to forget most of your ordinary troubles is to buy a second-hand automobile.

There are less weeds now than ever in town. The frost has killed the tender ones.

It would be fine if food controller Hanna could also control our appetites.

The stuff is all off. He said he would die for her and she wanted to know how much life insurance he carried. Oh boy.

The world's series baseball games will start next Friday, October 6th. This year the New York Giants and the Chicago White Sox will split the melon.

One of our young men it is said, had a lot of difficulty in getting her to say yes to the momentous question. But after a while he managed to squeeze out the right answer.

The daily menus sent out from the office of the so-called Food Controller are a joke. According to some of them \$2.00 worth of material will make a 50 cent cake.

Miss Coleman, the Wainwright milliner, will be at the Co-op with all the newest styles in ladies and children's hats. Friday and Saturday, Oct. 5th and 6th.

The Children
Just Love It.

Most healthy children crave for sweet things. Jams are too rich and too expensive to use all the time and candy eating is apt to become excessive and ruin the digestion. Pure sugar cane juice alone is used in the manufacture of

ROGERS'
GOLDEN SYRUP

It is the healthiest and most economical addition to the children's table that a mother can buy.

The flavor of this syrup is superior to any other and the difference, in favor of Rogers', is easily appreciated when the syrup is used in gingerbread, taffy, puddings, etc., or with griddle cakes and hot biscuits.

Order from your Grocer. He sells it in 2, 5, 10 and 20 lb. tins.

If You Want
MORE MONEY
FOR YOUR
CREAM

Send it to the

Northern Creameries Ltd., Edmonton

The most up-to-date plant in Canada.

You save from 60c to 75c Per Can

Cream paid for by money orders; cashed anywhere, no discount.
